

Kentuckiana Children's Center

Over the last 7 years, individuals like you have raised more than \$260,000 to support programs and services for special and challenged needs children. Please join us on the green to continue to raise funds for these kids whose families need this essential financial assistance.

"The best investment you can ever make is in the children." je

Thank you to our Sponsor for their continued community support.

Will be provided.

\$1,000 for Special Needs Kids?
“It’s real easy!”

Join us for one of the most incredible golf events in Louisville. Come and enjoy a morning of golf in a beautiful setting with...food, fun and tremendous prizes. Breakfast will begin at 7:00 am and we will tee it up at 7:30 in an individual stroke-play format, with an attempt to play 50 holes by noon.

“What a great opportunity to help special needs kids and have a fun morning playing golf at the same time.”
JS, 2004

For more information about “Fore the Kids” Golf Mini Marathon call Jean Elizabeth at 502-893-7227. The field is limited to the first 50 players registered. A confirmation letter and player packet will follow after receipt of registration. We are challenging each golfer to raise financial support (we’ll show you how) and to commit to trying to play 50 holes of golf in one morning.

“There are very liberal playing rules. If I can play 50 holes of golf in a morning any one can.

And it’s MAJOR FUN!” DJA, 2004

Kentuckiana Children’s Center is a 501C3 not for profit children’s clinic.
Our Vision is BIG: Healing all Children... Hope for the Whole Child

Dr. Lorraine M. Golden, DC, founded Kentuckiana Children’s Center in 1957. She envisioned a place where special needs children could receive vital health care services and financial assistance would be provided because of the ever-increasing costs of health care. Dr. Golden’s vision remains as our philosophy today.

The mission of Kentuckiana Children’s Center is to improve the lives of children by providing a foundation for healing through Integrative Chiropractic Care. This includes Occupational Therapy, CranioSacral Therapy, Behavior and Play Therapy, Sensory Processing Therapy, and Nutrition Education & Counseling.
